Re: Service

Dear Mr. Blackman,

Thank you so much for the wonderful job that your company did for us last week at Alexan North Hills apartments. The apartment that you serviced smells amazing. We did not think that we would ever be able to get rid of the cigarette smell. After just one treatment, the problem was gone. We were actually thinking that we may have to give a concession on that unit to get it leased.

You saved us money in rent and vacancy. We cannot thank you and your company enough. We have passed all your information onto our sister communities and will continue to refer your company in the future. We look forward to a long business relationship with Odorsweep.

Regards,

A handwritten signature in cursive script that reads "K. Goehl".
