Garner, NC 27529

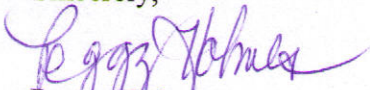

Dear Stacey,

I am writing to express our complete satisfaction with the odor treatment your company recently provided to the Chase Apartments. We were experiencing a stubborn nicotine odor in an apartment that through our concentrated efforts we were unable to remove. After only a six hour time frame the odor was completely removed and a fresh clean smell remained.

We were very happy not only with the results of your treatment but also with the prompt and professional service that you provided. We would highly recommend your services to those looking to remove offensive odors.

Thank you and if you need any additional information, please do not hesitate to contact me.

Sincerely,

Peggy Holmes
Property Manager
